MegaBlasters

With over 900k of data, MEGA BLASTERS is probably the biggest game to be released on the CPC-with 11 worlds and over 90 levels, it's more than a match for the top-selling SNES counterpart, Super Bomberman.

'The best game to come zinging it's way over here for quite some time'
'Worth 14 quid of anybody's money. Get it!'
-Amstrad Action december 1994.
